

The Australian Service for Knowledge of Open Source Software, Queensland University of Technology & National ICT Australia are proud to present:

The Open Source Legal and Research Seminar

Free and Open Source Software (FOSS) provides the Australian Research community with tools and methods to develop successful, sustainable and commercially relevant e-research.

This seminar showcases two of the world's leading legal minds on Open Source as well as local and research examples of applying Open Source legally, for infrastructure and for software development.

This is a free event, lunch and refreshments will be available. RSVPs are required.

Date: 15th August 2006
Time: 12:30 - 17:00
Place: NICTA Seminar Room
Bay 15, Locomotive Room
Australian Technology Park
Eveleigh, Sydney

Reserve your place soon as seating is limited.
